1. PROFILE

Senior front-end developer, expert in design systems and accessibility, helping teams create modern and efficient interfaces.

With over 15 years of experience, I turn ambitious ideas into impactful products by seamlessly combining design and development. Passionate about 3D and AI, I constantly explore new ways to enhance user experience.

3. PROFESSIONAL EXPERIENCE

2024 - Present

Senior Front-End Developer

Réfugiés.info - beta.gouv (French Government's startups incubator)

- **Design System:** Contributed to the implementation of the French Government's Design System (DSFR), ensuring visual and technical consistency at a national level.
- **Accessibility:** Ensured compliance with RGAA standards, making the platform inclusive and accessible to all users, including those with disabilities.
- **UX/UI Redesign:** Designed and developed a new multi-criteria search (Algolia, MongoDB), enhancing performance and user experience.
- **Design-System-Oriented Architecture:** Established a modular, harmonized code structure for easier future development.
- **Collaboration:** Worked closely with designers, project managers, and developers to streamline workflows and meet product expectations.

Key Skills: **Design systems, accessibility (RGAA), React, Next.js, Algolia, MongoDB, Storybook, cross-team collaboration.**

2023 - 2024

Lead Front-End Developer and UX/UI Designer

StadiumGO

- **Dual Role:** Combined responsibilities for UX/UI creation and front-end integration, ensuring total alignment between creative vision and technical implementation.
- **Design System:** Designed and deployed a complete design system, scalable and user-friendly for the internal team.
- **UX/UI Redesign:** Created high-fidelity mockups with Figma, integrating optimized user journeys and a modern aesthetic.
- **Team Training:** Supported and trained internal developers and designers in using the design system, ensuring its adoption and scalability.
- **Collaboration:** Worked closely with the product team and stakeholders to align business needs, user expectations, and technical constraints.

Key Skills: **UX/UI design, front-end development (React, Next.js), design systems, Figma, Storybook, team training.**

2022 - 2023

Lead Front-End Developer

Pamplemousse Agency

- **Technical Leadership:** Supervised a team of developers to manage a catalog of over 100 websites, setting robust technical standards and ensuring quality deliverables.
- **UX/UI Coordination:** Worked closely with designers to validate mockups and ensure technical feasibility while meeting client expectations.
- **Project Management:** Assisted with quotes, schedules, and budgets in collaboration with project managers to optimize resources and meet deadlines.
- **Process Optimization:** Set up production pipelines, standardized development environments, and created technical processes to streamline production.
- **Versatility:** Balanced complex projects and legacy code, modernizing and maintaining a large volume of existing codebases.

Key Skills: **Technical leadership, cross-team coordination, project management, front-end development (React, Next.js), production pipelines, UX/UI collaboration.**

2015 - present

Co-Founder, Artistic Director & Brand Advisor

The Organic Bros

Co-founded a dietary supplement company with my brothers-in-law alongside my freelance activities. As a shareholder and artistic director, I contribute my design skills to the brand's visual identity and image, aligned with its organic and ethical values.

- **Art Direction:** Created and managed the brand's visual identity, developing a striking and cohesive graphic charter.
- **Branding:** Developed the brand strategy, including storytelling, positioning, and visual campaigns to strengthen the image of Les Bio Frères.
- **Visual Identity:** Designed visual assets from packaging to digital communication, ensuring a strong, aligned customer experience.
- **Strategic Guidance:** Advised the team on the brand's image and evolution, ensuring coherence and authenticity.
- **Flexible Management:** Operated in an agile way as a "Friday project," balancing creativity and strategy while supporting growth.

Key Skills: **Art direction, branding, visual identity, brand strategy, storytelling.**

2005 - present

UX/UI Designer & Front-End Developer

Freelance

- **15+ Years of Experience:** Supported numerous companies, from growing startups to established organizations, in creating and developing their digital products.
- **Visual Identity:** Designed unique brand identities and graphic charters aligned with each client's values and goals.
- **UX/UI Design:** Created modern and intuitive interfaces tailored to user needs and business objectives.
- **Product Launches:** Played a role in all key phases, from ideation to launch, ensuring perfect alignment between design and technical goals.
- **Varied Projects:** From website redesigns to scalable design systems, always with a focus on accessibility and performance.

Key Skills: **UX/UI design, visual identity, design systems, branding, collaboration with technical and creative teams, tailored support.**
